

SUMMARY OF FINANCIAL ASSISTANCE AND SURPRISE BILLING PROTECTIONS

As part of our mission, L.A. Downtown Medical Center and its facilities, and as the “Organization”, are dedicated to ensuring the community has access to high-quality healthcare. We are committed to treating all patients with dignity, compassion, and respect. This commitment includes offering services at no cost or significantly reduced prices to eligible patients who are unable to pay, in accordance with our financial assistance policy (the “Policy”). Additionally, we provide various financial options to help patients manage their healthcare expenses, even if they do not qualify for financial assistance. This document serves as a plain language summary (the “Summary”) of the Policy

Help paying your bill

Financial assistance is available to patients undergoing medically necessary procedures whose income and monetary assets (collectively referred to as “income”) are at or below 400% of the current year’s federal poverty level (FPL). Patients with incomes between 401% and 600% of the FPL also qualify for discounted care. The discounts provided will be based on a sliding scale that considers family size, income level, and insurance status. Financial assistance for elective or non-medically necessary procedures, or for care after discharge, is limited to patients residing within the Organization’s service area and requires prior approval from the Vice President of Finance and Chief Revenue Cycle Officer or their designee. If a patient is eligible for a discount under the Policy but does not qualify for completely free services, they will not be charged more than the amounts generally billed by the Organization for emergency or other medically necessary care.

Physicians and services

The Policy only applies to services provided by the Organization and by:

- **L.A. Downtown Medical Center** physicians in their capacity as faculty.
- **L.A. Downtown Medical Center (“LADMC”)** employed physicians or medical groups that have an exclusive professional services agreement with **LADMC**.

How to apply

Patients seeking free or discounted care under the Policy will need to complete a financial assistance application (the “Application”) and submit any required documentation. The Application and documentation will go through a review process by the Organization.

Free copies of this Summary, the Policy or the Application are available in English, Farsi, Russian, Armenian, Chinese, Korean or Spanish. To request copies or to get additional information, including questions on the financial assistance process, you may:

Arrangements for self-pay

Patients who do not qualify for free or discounted care under the Policy may find other programs of the Organization helpful. Patients who lack insurance may receive a substantial discount, similar to the discounts we provide to managed-care insurance plans for eligible services.

Regulatory notice for collections

We do refer some delinquent accounts to third-party collection agencies. These agencies must follow all California and federal laws as well as comply with the Organization's policies and procedures. For more information about debt collection activities, you may contact the Federal Trade Commission by phone at 877-FTC-HELP (877-382-4357). In the event your account is referred to a collection agency and you experience problems, contact our Patient Services for support at (213) 314-1492.
